

## ABOUT Staron®

Staron® Solid Surfaces is manufactured from a natural mineral refined from bauxite and blended with pure acrylic resin. Staron® Solid Surfaces are suitable not only for commercial projects, but for endless applications around the home including kitchens, bathrooms and laundries.

### Flexible in Design

With a range of over 80 colours to select from, Staron® offers the most extensive range of solid surface in Australia. Staron® is both aesthetically and functionally pleasing. It can be thermoformed into flowing curves or sculpted into any shape imaginable. The flexibility of Staron® extends to limitless edge profiles, drop down edges, splashbacks and tile coves. Selected Staron® colours are also translucent and can be backlit to bring your design to life.

### Repairable, Hygienic & Durable

The non-porous nature of Staron® provides a surface that no stain can penetrate - providing a durable benchtop that is hygienic and easy to clean. Staron® is also repairable and renewable. Even after years of use it can simply be sanded, thus restored back to its original condition. Staron® does not have any finishing polishes or sealers applied, it is the same solid material throughout its thickness. Because of this nature, every wipe to your benchtop will rejuvenate the surface.

### Monolithic

Staron® creates long and wide continuing surfaces with no open or conspicuous joins. With a collection of integrated Staron® kitchen sinks and vanity bowls – a smooth benchtop space can be created. No dirt trapping joins or crevices to clean, just one continuous surface that looks and performs like one piece.

### 10-Year Limited Warranty

Staron® is an affordable quality solid surface backed by a 10-Year Warranty for peace of mind. Staron® is a homogeneous and solid mineral-filled acrylic polymer material so that it is easy and convenient to care for and maintain. Simple routine maintenance is required to keep it looking new and fresh. For full warranty details, and to register your warranty visit [www.staron.com.au](http://www.staron.com.au)

## ABOUT Austaron Surfaces

Austaron Surfaces are the proud distributors of Staron® Solid Surfaces. Austaron Surfaces was established in 2003 with an aim to provide quality surfaces and finishes to the Australian market. Austaron's product range is supplied to designers, architects, retailers, builders and also extends to consumers. Our products are used across many industry segments including but not limited to: retail, healthcare, entertainment, food service, office fit-outs and residential. With an industry experienced sales team based in all states of the country, the business works together with project managers and designers on projects from the specification stage, all the way through to delivery of the product. For more information on Austaron Surfaces and their product portfolio, visit: [www.austaron.com.au](http://www.austaron.com.au)

## New Colours!

Staron® introduces the new Supreme™ Collection that adopts the look and beauty of natural stone, while taking on the advantage of the easy maintenance and joining capabilities of solid surface. Releasing 10 new colours, the Supreme™ Collection features distinct wave patterns in different hues and clarities. The ten new colours include Delphi, Cloudbank, Natural Bridge, Magnolia, Dawn, Dandelion, Pastoral, Loam, Ocean View and Presto.

# KITCHEN

Staron® is monolithic. Joined with a special Staron® adhesive – it creates long and wide continuing surfaces with no open joints making it the perfect surface solution for the most used material in the kitchen - the benchtop. With a selection of four single and three double kitchen sinks – a smooth and totally integrated kitchen benchtop space can be created. You can even create your own design to fit the specific needs of your project. No dirt trapping joints or crevices to clean, just one continuous surface that looks and acts like one piece.

The renewable nature of Staron® means that after years of use, the surface can be sanded, restoring it back to its original condition. Due to its nature, every wipe to the kitchen benchtop will rejuvenate the surface. Whites will stay white due to the non-porous nature as no stain is ever permanent, as well as a strong and renowned UV stability.

Benchtops in Staron® in colour: Sanded Dover. All doors and panels clad in Staron® colour: Metallic Sleeksilver. Acrylic Couture® used in Cancellio Silver on kitchen island front and sides. Design by: Kim Duffin, Sublime Architectural Interiors.

# KITCHEN

Staron® is kinder on dishes and quieter when it comes to impact of glasses, crockery and cutlery. It also doesn't chip easily, so the material will maintain its look for many years. When most other materials need replacing, Staron® continues to perform.

Staron® can be used in endless applications throughout a house or apartment environment. Extend Staron® past the benchtop into the splashback for an integrated finish. Other design options such as integrated heat rods, drainers and a large selection of edge profiles are also available. The possibilities are endless, and the ideas are only limited by your creativity.

Benchtop and angled splashback featuring integrated wave pattern grooves in Staron® colour: Quasar White.  
Design by Lee Hardcastle, Enigma Interiors, KBDi Australian Kitchen Designer of the Year 2013.

## BATHROOM

Create a warm and tranquil bathroom environment that will transform into a sanctuary. Use Staron® to create formed vanity bowls, vanity tops, walls, floors, shelving and bath tubs.

With a smooth finish, Staron® provides a continuous surface with no open joints. Use one of three standard vanity bowls - or push the boundaries of design by creating a custom vanity space. Use long drop down edges and curves for a dramatic elegance that is unique in design and function.

Bath tub, bath tub surrounds, vanity benchtop and custom designed vanity bowls in Staron® colour: Bright White.  
Design by Stuber Team.

## BATHROOM

Use Staron® to create a thermoformed bath tub that will feature as an art-like structure in the bathroom. Continue Staron® to the bath surrounds for an integrated look that is easy to maintain. Combined with a Staron® vanity top, a high use wet area will be totally renewable. With a large selection of colours to choose from, Staron® will suit any taste. Non-porous in nature, no stain can penetrate into the material - providing a functional and aesthetically pleasing surface.

Imagine a bathroom with no grout lines! Staron® wall paneling provides a smooth and seamless finish with no dirt-trapping crevices, no mould and no mildew. Staron® prevents the growth of bacteria or mould making cleaning easy along with healthy living and creative design possibilities.

Motif Basin made with a piece of hand-etched glass for the base, and fitted with thermoformed Staron® surround and benchtop in colour: Bright White. Design: by Thomas Coward for Omvivo.

# ALFRESCO

& other rooms of the home

The durable and non-porous nature of Staron® makes it the perfect solution for any room in the home, including alfresco areas. Selected Staron® colours have a 10 year limited warranty for outdoor applications [contact your Austaron representative for a list of the selected colours], so you can create beautiful surfaces from the inside and continue it to the outdoors.

Staron® can also be used in the laundry as durable and seamless work tops. It can be used as furniture including dining tables, side and coffee tables, even seating. The renewable nature of Staron® also means that the surface can easily be buffed after years of use - extending the life of your application and ensuring it always looks good, even in a busy family home.

The use of Staron® for furniture can also extend into the home office to create integrated desks. Make interesting designs by routing or carving into the surface, inlay multiple colours of Staron®, or extend Staron® to interesting table bases for an integrated look. Create chairs, cabinets, storage solutions, shelving and unlimited other applications. If you can dream it, you can create it with Staron®.

Staron® kitchen benchtop extending to the alfresco area in colour: Aspen Lily. Design by Darren James, Darren James Interiors.

# STARON® DESIGN OPTIONS

## Standard Staron® Edge Profiles

The following edge profiles are amongst the most popular. Staron® offers the design flexibility and freedom to create your own custom and personalised edge profile. Ask your Certified Staron® Fabricator about more edge profile options available. Most benchtops in Staron® are a standard 38mm thick, however, the flexibility of Staron® means that any benchtop thickness can be created with minimal effort, and staying within your budget. Many other materials only offer a 20mm standard thickness.

## Integrated Heat Rods

Fully integrated into Staron® - stainless steel heat rods offer a permanent place for hot pots and pans to rest. The rods also lift for easy cleaning. The integrated design offers a unique look that is both aesthetically and functionally pleasing.

## Integrated Drainer

Fully integrated into the Staron® benchtop - a drainer can be fabricated next to your sink for a clean look that is easy to maintain. Ask your Certified Staron® Fabricator about the design options available.

Staron® integrated drainer next to an integrated sink.

## Tile Cove & Splashback

Extend your bench space to continue to the sink, splashback and even clad to your cabinetry for an integrated and monolithic finish that continues with no open joints. A tile cove offers a smooth and clean finish at the back of your benchtop, where the benchtop meets the splashback. A 10mm tile cove will eliminate dirt and germ crevices and allow a smooth join to your splashback. Add a Staron® splashback for a seamless kitchen benchtop with no open joints.

Staron® benchtop extending to Staron® splashback in colour Aspen Glacier. Design by Sublime Architectural Interiors.

Kitchen island featuring a Staron® benchtop and waterfall end in Staron® colour: Tempest Meteor. Design by Joe Grassi, Ikal Kitchens.

## Drop Down / Waterfall Ends

Continue your benchtop all the way down to the floor for a flowing and monolithic look. Create an island or breakfast bar area that serves as a hub to the kitchen space or a central space that is inviting for friends and family to gather for social interaction. With the smooth finish of Staron®, you can create this look with no open joints - just one continuous surface.

## Benchtop Comparison

Staron® has unique performance properties. When you are researching your benchtop surface take into consideration that the benchtop is one of the most used materials in the kitchen. Therefore, your benchtop choice should offer beauty and function. Here is a comparison of benchtop materials:

SURFACE	NON-POROUS	RENEWABLE	SEAMLESS	UV STABILITY	HYGIENIC
Staron® Solid Surfaces	✓	✓	✓	✓	✓
Laminate	✗	✗	✗	✗	✓
Marble	✗	✗	✗	✓	✗
Reconstituted Stone	✗	✗	✗	✗	✓
Stainless Steel	✓	✗	✓	✓	✓
Tiles	✓	✗	✗	✓	✗
Timber	✗	✓	✗	✗	✗
Granite	✗	✗	✗	✓	✗

Staron® integrated sinks are joined to Staron® benchtops with no open joints so that the sink and benchtop performs like one continuous piece. A2311 integrated kitchen sink in Bright White.

Dream and create a custom bathroom vanity to suit your design and taste. Custom vanity in Staron® colour: Quasar White.

Staron® custom colour integrated kitchen sink and benchtop in matching colour: Mosaic Dalmatian.

### Staron® Environmental Sustainability

Staron® is non-toxic creating a safe environment for nature, people and animals. It has **GREENGUARD Indoor Air Quality Certification**, and also meets the more stringent **GREENGUARD for Children & Schools Certification**. The renewable nature of Staron® also extends its life span creating less need for waste.

Staron® Surfaces has been awarded a SCS Material Content Certification by Scientific Certification Systems, a leader in certifying independent environmental claims. The certification recognises Staron® for the use of pre-consumer recycled materials in several of its surfacing colours. The certified colours make the **Recycled Series Collection** and can be seen on pages 20-23 displaying the  symbol.

## STARON® INTEGRATED VANITY BOWLS

### Staron® Standard Integrated Bathroom Vanity Bowls\*\*

### Staron® Simple Cleaning & Maintenance

Most dirt and stains are easily cleaned by using warm soapy water or an ammonia-based cleanser. For a deep clean, use a white Scotch-Brite® pad and a mild-abrasive cleanser such as Jif and clean in a circular motion. Complete the clean by wiping with a soft damp cloth. These steps will rejuvenate the surface, buff away fine scratches, and keep your Staron® surface looking fresh and clean for many years to come. Detailed information about caring for Staron® can be found at [staron.com.au](http://staron.com.au)

### Staron® Colour Selection

Please read the information below when referring to Pages 20-23

The colours of Staron® Solid Surfaces: The common group names used on all the colours of Staron® represent the price range that each colour is in. From most expensive to most affordable the price ranges are in order by:

1. Supreme;
2. Tempest;
3. Mosaic, Metallic, Talus, Pebble, Aspen;
4. Sanded;
5. Solid - plain colours;
6. Bright White.

The printed colours of Staron® are representations only. Please see a product sample to ensure you are happy with your colour selection. Colours that display the  symbol are a part of the **Recycled Series Collection** and contain a guaranteed percentage of pre-consumer recycled resin and chip content. For more information on the **Recycled Series Collection**, please visit [staron.com.au](http://staron.com.au)

\*Darker colours may show every day wear and tear, including light scratching, more readily in high use horizontal areas (eg. kitchen benchtop). To ensure we meet your expectations, customers should be aware of the extra care needed. Scratching is not considered a product defect and hence not covered by the 10 year warranty. These colours are marked with an asterisk (\*).

Colours marked with a ^ symbol must be checked for availability with Austaron Pty Ltd. All colours available in 12mm thickness. Quasar White, Bright White and also Pearl available in 6mm & 19mm.

# INSPIRE YOUR DESIGN WITH STARON® COLOURS
